

## Westmeria Recruitment Services review uComply's training courses and software after using uAuthenticate since 2014

Westmeria Recruitment Limited is a London based Healthcare, Social and Occupational Recruitment service, offering a first class candidate, client or patient. As a recruitment agency, it is essential that Westmeria have their finger on the pulse when it comes to compliance and legislation. uAuthenticate software has helped them to ensure applicants identification documents are legitimate and training courses offered by uComply ensure their team members are up to date with current legislation. It has been a pleasure to work with Karen and her team!

**"Westmeria Recruitment have been using uComply since 2014, we continue to receive prompt and efficient support with any issues which we may have. There is always someone available to guide us through the system to ensure any queries are resolved. We receive regular review meetings which are helpful to all concerned and most recently regarding changes in legislation uComply, the training given by Stefan was full, comprehensive and easy to understand. We are kept up to date with any new applications or software that could be of benefit to us and offered detailed demonstrations to support us as an organisation."**

Karen Kirkby, Compliance Manager
